A COMMUNITY WIDE EFFORT TO KEEP ELEVATED RAIL OUT OF OUR CITY

# Save Our Honolulu

## a fundraiser for the rail lawsuit

We are raising money to help fund our lawsuit to keep the heavy rail elevated train out of downtown Honolulu. Please join us for an evening of camaraderie, fun, good food and entertainment and a great silent auction!

Dr. Jeremy Lam has kindly offered his lovely home on Kalaniana'ole Highway with a beautiful view of the ocean and our beautiful Hawaiian sunsets.

5847 Kalaniana'ole Highway  
Saturday, July 21<sup>st</sup>.  
6:00 to 9:00pm  
Valet parking will be available.

Minimum \$100.00 contribution, tax deductible

Governor Ben Cayetano, Professor Randy Roth and Cliff Slater will briefly update us on all the latest news and answer all our questions.

*The Gerbode Foundation is offering us a matching grant of \$25,000 provided that we raise that amount by the end of July. Your tax deductible donation will help us reach this goal and your donation will be doubled!*

### Here are a few examples of the auction items:

- A one week stay at a "Paradise Found" guest suite, just steps from Kailua beach with surfboards and kayaks available for your use. (What a wonderful gift for some honeymooners!)
- A 2-3 hour sail for 4 on Kaneohe Bay on a TransPac yacht. This is a beautiful way to see the bay, and a lovely lunch is included.
- A private tour of the Pacific Aviation Museum, with lunch, the aviation simulator!
- A lovely home for a week on Malaekahana beach, which sleeps eight. An escape to Malaekahana would be perfect for a family birthday!

### Send your RSVP along with your donation to:

SBH Foundation Rail Fund, 6600 Kalaniana'ole Hwy, Suite 212, Honolulu HI 96825

Or, if you prefer to pay with your credit card on PayPal, [www.paypal.com](http://www.paypal.com) and then email your receipt together with your name and address.

Thank you for all of your interest and support, for all these nine years. **You** make this effort possible! We are near the end.

We are a citizen group concerned with the unnecessary waste of taxpayer funds that would be incurred through the construction of a rail transit line in Honolulu together with the blight that would be visited on our city by an elevated noisy rail line snaking right through it.
