December 6, 2006

MEMORANDUM

TO: Donovan Dela Cruz, Chair
& Councilmembers

FROM: Councilmember Barbara Marshall *BM*

SUBJECT: 2006 Council Poll

RECEIVED

Dec 6 1 38 PM '06

CITY CLERK
HONOLULU, HAWAII

Attached are the PRELIMINARY results for this year's PLAN survey, done by QMark Research. Please note that the margins of error for the results in each Council District are extremely high and therefore might be different from what you see. Final report from QMark isn't due 'til the end of the month and there will be further analysis at that time.

The Chair and I decided to release preliminary results because the Administration had already released transit poll results which are somewhat similar but somewhat different because of the questions asked. And the Chair would like the public to know that the Council is still concerned about a myriad of other important issues, as well as transit.

Any questions, feel free to call me. Thanks.

Enclosure:

Council Com. No. 266

QMARK
RESEARCH & POLLING

City Council Survey
QMark Research & Polling
November 2006
N=1003

Date _____

Hello, I'm _____ from **QMark Research & Polling**. The Honolulu City Council has commissioned us to conduct a survey among Oahu residents. This survey asks residents for their opinions on various City issues. May I speak to someone 18 years of age or older who lives in this household? (*REPEAT GREETING ONCE APPROPRIATE PARTY IS ON THE TELEPHONE.*)

A. Are you or is anyone in your household employed in marketing, market research, advertising, public relations or for the City & County of Honolulu? [IF "YES", THANK AND TERMINATE, CODE ON CALL RECORD SHEET.]

No

THANK AND TERMINATE & CODE
ON CALL RECORD SHEET

Yes

B. Are you a resident of Hawaii (lives in state at least 6 months out of year)? [IF "NO", THANK AND TERMINATE, CODE ON CALL RECORD SHEET.]

Yes

THANK AND TERMINATE & CODE
ON CALL RECORD SHEET

No

The overall margin of error is +/- 3.1% at the 95% confidence level.

1. The city's 10 million dollar study on an alternative to solve the traffic problem on Oahu has resulted in a recommendation that the City and County of Honolulu build a rail system. To build a system from Kapolei to the University of Hawaii is estimated to cost \$4.6 billion and transit projects often have cost overruns. We'd like to know how you feel about a rail system. Which of the following statements most closely matches your feelings:

- | | |
|--|-----|
| 1 We should build the rail transit system we need at whatever cost it takes. | 30% |
| 2 We should limit the cost to \$3.6 billion initially even if we can only build a shorter segment. | 14% |
| 3 We should not build rail transit at all. | 32% |
| 4 We should only build rail transit if we also add highway lanes and/or a toll road. | 18% |
| Don't Know | 7% |

Margin of Error +/- 3.1%

2. If the City builds a fixed guideway system and [Insert scenario A/B/C], how often would you ride it? Would you say.....

Scenarios:

- | | |
|--|-----|
| A It goes from Kapolei to the University | |
| 1 Every day | 10% |
| 2 Once in a while | 26% |
| 3 Probably won't ride it | 62% |
| 4 Don't know | 2% |
| B It goes from Kapolei to Ala Moana | |
| 1 Every day | 8% |
| 2 Once in a while | 32% |
| 3 Probably won't ride it | 58% |
| 4 Don't know | 2% |
| C It includes Waikiki | |
| 1 Every day | 8% |
| 2 Once in a while | 36% |
| 3 Probably won't ride it | 54% |
| 4 Don't know | 2% |

Margin of Error +/- 3.1%

- | | |
|--|-----|
| 3a. How often do you currently ride TheBus? Would you say... | |
| 1 Everyday (5 or more times a week) | 9% |
| 2 Sometimes | 28% |
| 3 Never | 63% |

Margin of Error +/- 3.1%

3b. If answered “Sometimes” or “Never” above, ASK:

If the city could improve bus transit times and make buses more available to more places, for example through a toll road available only to buses and high occupancy vehicles, how often would you ride the bus? Would you say...

1	Everyday (5 or more times a week)	8%
2	Sometimes	42%
3	Never	49%
4	Don't Know/Not sure	1%

Margin of Error +/- 3.3%

4. Currently, most Oahu households get twice-a-week trash pickup. The cost for this service is not fully covered by property taxes so the City has to use the funds for other purposes to help pay for it. Some say the City can no longer afford to provide this twice-a-week service without charging additional fees to those who choose to continue it. Others say charging for trash pickup could create a huge health and safety issue, if people fail to pay. Which of the following statements most closely matches your opinion?....

1	I support home trash pickup, even if my property taxes go up	13%
2	I am willing to pay extra fees for a trash pickup	24%
3	Trash pickup is necessary and the City should continue to subsidize it, even if it takes away funds from other services.	58%
4	Don't Know (DO NOT READ)	6%

Margin of Error +/- 3.1%

5. Several years ago, City officials decided that it was better to borrow money to repave City streets than to significantly raise property taxes to pay for repaving. The City has been criticized for not repaving enough or fast enough. But there is also grave concern over the amount of money we borrow and the cost in future years to pay those debts. Which of the following statements most closely matches your opinion?

1	We should borrow however much we need to get the streets repaved faster	23%
2	We should stop borrowing money to repave streets and just repave those we can afford –even if it means more time between repairs.	34%
3	We shouldn't borrow money to repave streets, but we need to repair them more often, even if it means property taxes increase.	34%
4	Don't Know (DO NOT READ)	9%

Margin of Error +/- 3.1%

6. Some people feel the City's parks are essential to our quality of life and our tourism and we should have as many as possible. Others say we have too many to maintain properly and we should consider limiting development of new parks. Right now, it costs \$23 million a year to maintain the City's 294 parks. Which of the following statements most closely matches your opinion?

- | | | |
|---|--|-----|
| 1 | Parks are critical to Honolulu. We should continue funding them at the current level, even if my property taxes go up | 33% |
| 2 | Parks are essential, but we should consider charging those who use them to help pay the maintenance costs | 40% |
| 3 | I don't think that parks are a core City service and I think those who use them should pay all the costs of maintaining them | 20% |
| 4 | Don't Know (DO NOT READ) | 8% |

Margin of Error +/- 3.1%

A recent audit of the City's Neighborhood Board system showed some problems within the system. We'd like to ask you several questions about neighborhood boards....

7. How often have you attended a Neighborhood Board meeting in the last year? Would you say...

- | | | |
|---|--------------------|-----|
| 1 | Once | 12% |
| 2 | 2-3 times | 8% |
| 3 | 4 or more times | 4% |
| 4 | Never (SKIP TO Q9) | 76% |

Margin of Error +/- 3.1%

8. How satisfied were you by the experience of attending a neighborhood board meeting? Would you say...

- | | | |
|---|-----------------------|-----|
| 4 | Very Satisfied | 12% |
| 3 | Somewhat satisfied | 21% |
| 2 | Somewhat dissatisfied | 51% |
| 1 | Very dissatisfied | 14% |
| | Don't Know | 2% |

Margin of Error +/- 6.5%

9. The City currently spends more than \$1 million dollars a year to operate the Neighborhood Board system. Do you feel...

1	It is money well spent and should be continued at the current level	31%
2	The City should spend less	49%
3	The City should spend more	6%
4	Don't Know (DO NOT READ)	14%

Margin of Error +/- 3.1%

10. Some say there are too many neighborhood boards; others say there are not enough. Which of the following statements best describe how you feel?

1	We should do away with the Neighborhood Boards	10%
2	The neighborhood board system is just fine the way it is now and should be maintained at its current level	43%
3	There are too many neighborhood boards and there should be only one per council district	30%
4	There are not enough neighborhood boards and they should serve smaller areas, even if that costs more	7%
5	Don't Know (DO NOT READ)	10%

Margin of Error +/- 3.1%

11. The City currently bans most bed and breakfasts—where the owner lives on the property—and most vacation rentals where the owner lives elsewhere. Increasing number of visitors demand these kinds of accommodations and an illegal trade has sprung up, which the City has no money to stop. Some say there is an obvious need for more of these accommodations, and we should legalize more of them with appropriate controls. Others say such accommodations destroy residential neighborhoods and must be limited and eventually eliminated. Which of the following statements most closely matches your opinion?

1	Homeowners should be able to have short-term visitor rentals on their own property only if they live there	32%
2	Homeowners should be able to have short-term visitor rentals on their own property whether or not they live there	30%
3	Short-term visitor rentals should NOT be allowed in residential neighborhoods	33%
4	Don't Know (DO NOT READ)	5%

Margin of Error +/- 3.1%

12. The members of the Honolulu City Council currently are declared half-time employees of the City and are paid as such. Several hold full-time jobs aside from their Council jobs. Which of the following statements most closely matches your opinion?

- | | | |
|---|---|-----|
| 1 | We need our Council to be full time and they should be paid accordingly | 37% |
| 2 | No, half time is plenty | 55% |
| 3 | Don't Know (DO NOT READ) | 8% |

Margin of Error +/- 3.1%

13. Under the State Constitution, the City can only raise money in specific ways authorized by the Legislature. The Legislature strictly limits the ways the City can raise money and so the burden for paying for city services falls heavily on the property tax payer. Which of the following statements most closely matches your opinion?

- | | | |
|---|---|-----|
| 1 | It's important that the State Legislature continue to limit how the City raises money | 27% |
| 2 | The Legislature should allow the City more flexibility in raising money | 69% |
| 3 | Don't Know (DO NOT READ) | 4% |

Margin of Error +/- 3.1%

14. The City has initiated bulky item pickup using a schedule for regular pickup instead of a call-in basis. Have you used this new system? If yes, how many times have you used it?

- | | | |
|---|----------------------------|---------------|
| 1 | Yes , used it _____time(s) | 42%; 1.5 MEAN |
| 2 | No (SKIP to Q. 16) | 58% |

Margin of Error +/- 3.1%

15. (IF ANSWERED YES ABOVE, ASK) How do you feel about this new system? Would you say...

- | | | |
|---|---|-----|
| 1 | I prefer the new system of regular pickups | 61% |
| 2 | I prefer the old system of calling when I need a pickup | 36% |
| | Don't Know | 3% |

Margin of Error +/- 4.75%

16. It is currently costing the City just about double what it cost under the old system. Do you feel the new bulky item regular pickup system is worth the money?

1	Yes	39%
2	No	52%
	Don't Know	9%

Margin of Error +/- 3.1%

17. The City has changed the greenwaste system in some areas so that instead of putting greenwaste out in bundles or bags, residents must put it in bins for automated pickup. Do you live in an area where you are using bins?

1	Yes	37%
2	No	61%
3	Don't Know	2%

Margin of Error +/- 3.1%

IF ANSWERED 'YES' IN Q.17, ASK:

18. Do you participate in this greenwaste pick-up?

1	Yes (SKIP TO Q.19)	62%
2	No	36%
	Don't Know	2%

Margin of error +/- 5.4%

18a. (IF ANSWERED NO ABOVE, ASK) Why do you not participate?

Unaware of service 8%; No greenwaste 45%; Live in multi-unit 3%; Yard service 2%;
System flawed 5%; Don't understand process 2%; Take to dump ourselves 8%; Use for
mulch 2% ;Other 9%; Don't Know 10%

Margin of error +/- 8.9%

SKIP TO Q. 24

19. Is it working for you?

1	Yes	89%
2	No (specify reason _____)	10%
	Don't Know	1%

Margin of error +/- 6.5%

20. Do you prefer the old system or new system?

1	Old system	25%
2	New system	70%
	Don't Know	5%

Margin of error +/- 8.9%

IF ANSWERED 'NO' or 'DON'T KNOW' IN Q.17, ASK:

21. Do you currently put out greenwaste for pickup?

1	Yes	33%
2	No	65%
	Don't Know	2%

Margin of error +/- 3.9%

22. Would you find using a bin more convenient?

1	Yes	47%
2	No (specify reason _____)	37%
	Don't Know	16%

Margin of error +/- 8.9%

23. Would you be more or less likely to participate if you put the greenwaste directly into a bin?

1	More likely	52%
2	Less likely	27%
	Don't Know	21%

Margin of error +/- 8.9%

24. The City Council has been advocating for regular curbside pickup of recycled items. Do you currently recycle?

1	Yes	73%
2	No	27%
	Don't Know	1%

Margin of Error +/- 3.1%

25. Which of the following statements best describes how you feel about curbside recycling?

- | | | |
|---|--|-----|
| 1 | I would participate in curbside recycling if I did not have to sort my items | 21% |
| 2 | I would participate in curbside recycling regardless of whether or not I'd have to sort my items | 56% |
| 3 | I would not participate in curbside recycling | 20% |
| | Don't Know | 2% |

Margin of Error +/- 3.1%

26. Some people have proposed that we ship our garbage out of state to hasten the closing of landfills on Oahu. Proponents say this is the easiest and best way to quickly close the landfill. Opponents say shipping garbage could be extremely costly to taxpayers and isn't reliable. Which of the following best describes your opinion?

- | | | |
|---|--|-----|
| 1 | We should ship our garbage out of state and close the landfill even if my property taxes increase by 25-50%. | 3% |
| 2 | We should ship garbage if we can do it for about the same cost as our current system | 29% |
| 3 | We should not ship garbage because the costs are too uncertain | 17% |
| 4 | We should not ship our garbage out of state because it is not right to send our trash somewhere else | 48% |
| 5 | Don't Know (DO NOT READ) | 3% |

Margin of Error +/- 3.1%

27. Overall, do you feel the City is run better now than it was 2 to 3 years ago?

- | | | |
|---|------------|-----|
| 1 | Yes | 55% |
| 2 | No | 28% |
| | Don't Know | 17% |

Margin of Error +/- 3.1%

28. Should the Mayor abide by the policies set by the City Council or should he have the right to set his own policies?

- | | | |
|---|---|-----|
| 1 | Abide by policies set by the City Council | 68% |
| 2 | Right to set his own policies | 21% |
| 3 | Don't Know | 11% |

Margin of Error +/- 3.1%

And now a few last questions for classification purposes only....

D1. Do you currently own or rent your home?

1	Own	66%
2	Rent	32%
	Refused	2%

Margin of Error +/- 3.1%

D2. What was your age on your last birthday? _____

		MEAN 49.8
18 to 34		20%
35 to 54		42%
55+		37%

Margin of Error +/- 3.1%

D4. What is your ethnic identification?

[IF MORE THAN ONE, ASK "WITH WHICH DO YOU IDENTIFY THE MOST". IF NO CHOICE, CIRCLE MIXED)

1 = Caucasian	29%
2 = Japanese	21%
3 = Chinese	5%
4 = Filipino	13%
5 = Hawaiian/Part-Hawaiian	17%
6 = African-American	2%
7 = Other (SPECIFY: _____)	9%
8 = Mixed	3%
Refused	2%

Margin of Error +/- 3.1%

D5. Finally, I will read some broad categories of income and I would like you to tell me when I come to the category that includes your household's income before taxes for 2005. Please consider and include in your thinking the income of all persons living in your household as well as income from all sources including investments, retirement funds, etc.

[INTERVIEWER: READ CATEGORIES]

Again, just stop me when I come to the correct category.

1 = Less than \$15,000	5%
2 = \$15,000 but less than \$25,000	5%
3 = \$25,000 but less than \$35,000	7%
4 = \$35,000 but less than \$50,000	17%
5 = \$50,000 but less than \$75,000	20%
6 = \$75,000 but less than \$100,000	15%
7 = \$100,000 or more	18%
9 = (DON'T KNOW/REFUSED)	14%

Margin of Error +/- 3.1%

D6. (IF IN "MIXED DISTRICT", ASK:) In order to classify your responses into the right City Council district, may I please have the name of your City Council representative – do you think it is _____ or _____? (IF DON'T KNOW ASK:) Okay, could you please give me your street address so I can look at my map and tell you who it is?

Councilmember _____

OR

Home address: _____

District 1	11%
District 2	11%
District 3	11%
District 4	11%
District 5	11%
District 6	11%
District 7	12%
District 8	11%
District 9	11%

Margin of Error +/- 3.1%

D7. [Record, DO NOT ASK:] Gender

1 = male 47%

2 = female 53%

Margin of Error +/- 3.1%

*Those are all the questions I have, thank you for participating in our survey!
May I please have your first name only, just in case my supervisor needs to verify I did this survey?*
